

MEXICO GIRL KILLS SLAYER OF FATHER

But 15, She Wreaks Deadly
Vengeance on Official
"Above Reach of Law."

By the Associated Press.
MEXICO CITY, July 11.—The shooting of Deputy Francisco Tejeda Llorca, by which fifteen-year-old Maria del Pilar Moreno avenged her father's death, has provided Mexico with a sensation.

Popular sympathy is with the child, who, armed with a small revolver given her last Christmas by her father, the editor of El Heraldo de Mexico, set out alone to satisfy "a crime, which apparently Mexican justice was unable to touch," she declared.

It is thought here that, after mere formalities, she will be released and the incident dismissed. Two lines of editorial thought have been suggested by the shooting, according to Excellency. One is that justice is lacking in Mexico, as Maria asserts, and the second involves the question as to how far a deputy's immunity shall extend, inasmuch as Llorca apparently was not prosecuted because he claimed he was immune.

Llorca was chosen a senator from the state of Vera Cruz in the last election, and had just come to Mexico City to present his new credentials. Moreno, whom he killed two months ago, after a dispute in front of the interior department building, was also a deputy from Vera Cruz.

Maria waited before Llorca's home and as she stepped from the doorway fired four times at a few feet distance. All the bullets took effect and death was instantaneous.

The child, who, since her father's death, has been almost deranged with grief, calmly surrendered to the police. She expressed no regrets, saying she swore vengeance over her father's body, and now that his death had been expiated she was prepared to pay the penalty.

CONSUL GETS NEW POST.

Gordon Paddock of New York, United States consul of class six, detailed at Teheran, has been transferred to the diplomatic service as a secretary of embassy or legation. Mr. Paddock has served at Seoul, Korea, Harbin, Mukden, Tabriz and Teheran.

SEEKS \$2,000,000 LOST IN BUCKET SHOP DEALS

Chicago Attorney in New York
Urges District Attorney to Co-
operate in Raids.

NEW YORK, July 11.—Phillip R. Davis, Chicago attorney, arrived yesterday on the trail of \$2,000,000 securities, which he says were "bucketed" and which he hopes to reclaim for upward of three thousand clients in the middle west. Soon after his arrival Mr. Davis conferred with District Attorney Banton regarding a plan for closer co-operation between Chicago and New York authorities in checking "bucket shop" operations.

Explaining that under the New York law a firm's offices cannot be raided while still operating, but that this can be done in Chicago, Mr. Davis said Chicago branches of New York firms often had their essential records kept in New York. For this reason he wished to arrange for simultaneous raids on headquarters and Chicago branch offices of suspected firms, he said.

Mr. Banton subpoenaed the books of bankrupt brokerages of E. M. Fuller & Co. The order served upon Samuel Strausberger, receiver for the firm, is returnable tomorrow morning, but the firm's counsel has said he will not surrender the books, having so stipulated when he took them over.

REPORTS OF GOROZAVE'S EXPLOITS EXAGGERATED

Dispatches From Tampico Oil Regions Fail to Confirm Rumor of
Bandit's Activities.

By the Associated Press.
MEXICO CITY, July 11.—Dispatches to the American State Department from the Tampico oil region, describing renewed activities by the bandit Goroza, are without confirmation here. Instead, semi-official statements are that the rebel activities have been exaggerated and that the entire district is virtually tranquil.

Official bulletins ever since Goroza's latest escapade have been unanimously optimistic, telling several times recently of his serious defeat by the federal forces under Gen. Guadalupe Sanchez. Representatives of oil companies are inclined to believe the situation is not so hopeful as the government insists, although they lack direct word from Tampico.

DENBY SEES SHIPS AS SECOND TO NAVY

Defensive Importance of
Merchant Marine Discussed
at Dinner in Japan.

By the Associated Press.
YOKOHAMA, Japan, July 10.—Edwin Denby, speaking as the "head of the United States Navy," at a dinner given in his honor tonight by American business men, declared "that the merchant marine is second only to the Navy in its importance to the defense of our country."

Secretary Denby added that every effort should be put forth to develop American commerce abroad and to enlarge the American merchant marine.

Dealing with the ship subsidy bill now before Congress, Mr. Denby expressed the hope that the Shipping Board's request for aid would be met by some other form of grant.

The Secretary said that he knew of instances of deliberate rough handling of American freight in order to prejudice foreign markets. He added that he never had heard of such cases in connection with Japanese ships.

Mr. Denby was the recipient of a farewell good wishes from a distinguished gathering as he passed through Tokyo today on his way from Nikko to Yokohama. Tomorrow morning he will sail from Yokohama on the transport Henderson direct to Nagasaki.

The 1881 class of Annapolis, whose reunion was the occasion for Secretary Denby's visit to Japan, plans to make presentations to two of its members, Charles W. Stewart, historian, of Washington, D. C., and Senator O. E. Miller.

MINE PROBE DATE SET.

Illinois Massacre Inquiry to Open
on August 17.

MARION, Ill., July 11.—Investigation of the mine massacre near here June 22 probably will begin July 17, when it is expected Judge D. T. Hartwell of Williamson county circuit court will summon a special grand jury to take up the matter.

In convening the July term of

court yesterday, Judge Hartwell, who previously had announced that he would call a special grand jury that day to investigate the mine killings, stated that the investigation had been deferred at the request of Attorney General Brundage of Illinois, who desired more time to complete a preliminary investigation.

BO-NO
Instantly Kills
Bedbugs

Bo-No Liquid with the Bo-No Sprayer easily reaches and permeates every crack, crevice and corner where a bedbug hides. It kills the bugs instantly. Spray it on bed ticking, bedsteads, on walls, behind pictures, in floor cracks. Exterminates roaches, moths, fleas, lice and most insect pests the instant it touches them. Drives rats and mice out of the house. Keep it handy as a pleasant disinfectant and deodorizer. For cleaning glass, spray directly on the surface—it cleans porcelain or tile just as well, and is used in the same way. It cuts dirt and grime most effectively.
